

Elinor Pritchard

- Personal and executive assistant
- My core values: trust, making a difference, excellence
- Clients find me: supportive, creative, positive, warm, flexible
- Favourite pastime: Dog walks with Dottie

I have been a personal/executive assistant for over 30 years and worked with law firms and the cosmetic and fragrance industry. In every case, demands were high, excellent organisational skills were essential, meeting deadlines was paramount and yet there was never compromise on perfection.

I started my own Virtual Assistant business in 2006. I support Georgia and the Whole Spectrum team with secretarial and administrative assistance.

Originally from North Wales, I moved to London in 1987, and now live in Kingston upon Thames. My favourite pastimes are walking my cavachon Dottie, swimming, listening to music, visiting dog-friendly pubs and cooking (and eating!).
